

noLoop()

Stops the audio/video from playing in a loop.

The media will stop when it finishes playing.

Examples

Click to play

```
let beat;
let.isPlaying = false;

function setup() {
  createCanvas(100, 100);
  background(200);

  // Create a p5.MediaElement using createAudio().
  beat = createAudio('/assets/beat.mp3');

  describe('The text "Click to play" written in black on a gray background. A beat plays when the user clicks. The beat stops when the user clicks again.');
}

function draw() {
  background(200);

  // Style the text.
  textAlign(CENTER);
  textSize(16);

  // Display different instructions based on playback.
  if (isPlaying === true) {
    text('Click to stop', 50, 50);
  } else {
    text('Click to play', 50, 50);
  }
}

// Adjust playback when the user presses the mouse.
```
